Bio Shield 11B is a trademark of HBS Enterprises. Radio Shack is a registered trademark of Radio Shack Inc.

Introduction

The Bio Shield 11B is an experimental device that uses scalar wave technology to provide the wearer protection against possible harmful biological, mental, and or emotional effects of electromagnetic radiation exposure. This includes but is not limited to radiation sources from common household appliances and all types of broadcast radiation. In particular, this unit works the best against the signals from ELF (extra low frequencies) sources. The Bio Shield 11B is designed with low power consumption components and circuitry so that a new high quality 9-volt alkaline battery will last several months before replacement is necessary.

Background

Electromagnetic radiation in the environment originates from both commercial (industrial, power lines, etc) and domestic (60Hz wiring and equipment) sources. We are inundated with radiation from television, radio, microwaves, cellular phones, heaters, dryers, clocks, appliances, and even the wiring within the walls of our own homes. In some locations additional frequencies are generated through Video Display Terminals (computer monitors, televisions, etc). With all of this, it can be hard not to feel trapped and defenseless as far as protecting your biological systems from potential damage.

Adding to the electromagnetic “fog” we experience from day to day, is the **intentional** emission of electromagnetic frequencies using special manipulative technologies that fall within **mind and behavioral control**, which is designed to shape / effect individual and public thought and behavior patterns to force harmony with the current control based model. Coupled with the already existing EMR, the plight of humanity appears rather tenuous. To reduce these effects on the biological system, the Bio Shield 11B was developed as a counter measure to the various kinds of electromagnetic radiation described above. (See Pre-Set Function #4, Bank 0 in the next section)

Pre-Sets and User-Sets

The Bio Shield 11B comes with 100 usable channels (10 banks, 10 frequencies or modes per bank). There are 10 pre-set channels that are stored

in bank 0. The affects of these pre-defined frequencies are described below. Banks 1 through 9 are for **experimental use only**. Not all of these frequencies have determined results. Some effects of these frequencies can be found through research as there are constantly experiments being done with low frequency scalar waves. The range of usable frequencies for User-Set channels is 1.0 to 9.9 Hz.

Bank 0 Pre-Set Functions

Bank 0 – Mode 0 = 5.66 Hz – Theta Brain Wave seems to assist in soul healing.

Bank 0 – Mode 1 = 6.50 Hz – Theta Brain wave that seems to improve liver energy.

Bank 0 – Mode 2 = 6.80 Hz – Relieve psychic attacks, EMF, Microwave and ELF protection.

Bank 0 – Mode 3 = 7.60 Hz – Raises awareness and intuition, opening the third eye.

Bank 0 – Mode 4 = 7.83 Hz – Earth Shuman Resonance, a feeling of well being.

Bank 0 – Mode 5 = 9.90 Hz – psychic attacks, EMF, Microwave and ELF shielding.

Bank 0 – Mode 6 = 11.3 Hz – Alpha brain wave that seems to assist in system regeneration.

Bank 0 – Mode 7 = 12.3 Hz – Alpha brain wave, improved luck, and enhanced remote viewing.

Bank 0 – Mode 8 = 15.8 Hz – Low beta brain wave, system regeneration, more energy.

Bank 0 – Mode 9 = 54.0 Hz – This frequency seems to enhance system oxygenation.

Banks 1 To 9 (1.0Hz to 9.9Hz)

Bank 1 – Mode 0 to 9 Low Delta Brain Waves 1.0 Hz to 1.9 Hz.

1.1 Hz seems to create a general state calm well being.

Bank 2 – Mode 0 to 9 Delta Brain Waves 2.0 Hz to 2.9 Hz.

Bank 3 – Mode 0 to 9 High delta Brain Waves 3.0 Hz to 3.9 Hz.

Bank 4 – Mode 0 to 9 Delta Theta Brain Waves 4.0 Hz to 4.9 Hz.

Bank 5 – Mode 0 to 9 Theta Brain Waves 5.0 Hz to 5.9 Hz.

Bank 6 – Mode 0 to 9 Theta Brain Waves 6.0 Hz to 6.9 Hz.

6.4Hz floating feeling, more energy, ELF protection. Makes you deal with fear, trapped emotions, improves finances

Bank 7 – Mode 0 to 9 High Theta and Alpha Brain Waves 7.0 Hz to 7.9 Hz.

Bank 8 – Mode 0 to 9 Low Alpha and Alpha Theta Brain Waves 8.0 Hz to 8.9 Hz.

8.5-8.8 Hz seems to improve your luck at the casino on games of chance.

Bank 9 – Mode 0 to 9 Low Alpha Brain Waves 9.0 Hz to 9.9 Hz.

Using the Bio Shield 11B for the first time

There is no on / off switch for the Bio Shield 11B. You need only insert a new, high quality battery (Radio Shack Alkaline, etc) into the battery port and the unit will turn on. Typical battery life in the Bio Shield 11B is approximately 6 weeks time when running constantly.

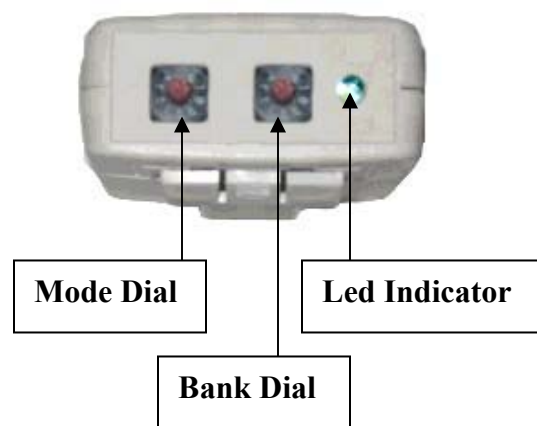

To insert a battery, simply push in and down on both the clip attachment, then the battery cover, both on the back of the unit. Place the battery in the battery port to start the unit. The battery will only fit in the unit one way, due to the inner shape of the battery port. Replace the battery cover and the clip attachment. *See figure 1.*

You will notice that the led light at the top of the unit is now flashing. This means that the unit is now operational and working properly. *See figure 2.*

Figure 1

Figure 2

Setting Frequencies with the Bank and Mode Dials

To use the Pre-Set frequencies described above, turn the bank dial to 0 and the mode dial to the specified setting. All of the Pre-Set frequencies are on the inside of the battery cover for your reference.

The range of the User-Set frequencies is 1.0 to 9.9 Hz. To use any of these User-Set frequencies, turn the bank and mode dials to the desired settings. The Bank dial is the number before the decimal place and the Mode dial is the number after the decimal place. For example to set the unit to 9.6 Hz, you simply turn the bank dial to 9 and the mode dial to 6.

Miscellaneous Notes

The effects of the Bio Shield are subtle upon the mind and the body. The unit must be worn for at least an hour before the effects will start. When they start, you may not notice them affecting you. Most people cannot “feel” something different within them, some can.

For best results, keep the unit on and with you all of the time.

The effective range of the unit is approximately 20 feet. The unit can be worn on the belt, placed in a pocket or purse, etc.

The led does not flash very brightly due to the power requirements and the battery life of the unit. If you cannot see the led light flashing, cup your hand over the unit or move into a darker room and check again.

Warranty and Return Policy

The Bio Shield 11B is warranted for a period of one year after purchase against any defects or failures due to the manufacturing process. If the Bio Shield 11B fails to operate, contact your distributor to arrange for warranty replacement or repair. If you are not satisfied with the Bio Shield 11B within 1 week after receiving the unit, your purchase will be refunded or credit issued, at our discretion.

Disclaimer

This Document and all contents of this document are provided on an “as is” basis without warranties of any kind, either expressed or implied, including without limitation warranties of title or implied warranties of merchantability or fitness for a particular purpose. You acknowledge, by your use of the Bio Shield 11B, that your use of the above said product is at your sole risk. That you assume full responsibility for all costs associated with returning the Bio Shield 11B for warranty and other repairs or servicing, and that HBS Enterprises Inc or its officers shall not be responsible or liable for any damages of any kind related to your use of this product.

Inaccuracy Disclaimer

From time to time there may be information in this document that contains typographical errors, inaccuracies, or omissions that may relate to product descriptions, pricing, and availability. We reserve the right to correct any errors, inaccuracies or omissions and to change or update information at any time without prior notice (including after you have submitted your order). We apologize for any inconvenience this may cause you. If you are not completely satisfied with your Bio Shield 11B, please see our return policy as described above.

Indemnification

You agree to defend, indemnify and hold HBS Enterprises Inc and officers harmless from and against any and all claims, damages, costs and expenses, including attorneys’ fees, arising from or related to your use of the Bio Shield 11B.

Miscellaneous

Unless otherwise specified and except to the extent that HBS Enterprises Inc products are offered for sale worldwide through our website, our website and the contents thereof are displayed solely for the purpose of promoting HBS Enterprises Inc products available in Canada and the United States and select foreign markets.

Disclaimer and Notice: This product is not intended to treat or to diagnose any illness. For medical advice, please consult with your physician. No promises or claims are made regarding the types of results which may be achieved with our products. The Bio Shield units are not medical devices and are not intended to be used for medical purposes.
